50%

Family owned company with more than 60 years of history dedicated to general construction. The main Ports constructor in Chile.

Our History

Location – Mejillones Bay

- Protected bay from southern swell
- Excellent water depth
- Land availability
- More than 20 km of shore

Value Proposition

 Puerto
Mejillones

CHILE

Sustainability Strategy

Caring for the Planet

Caring for the planet represents a global challenge. We want to contribute by mitigating our environmental impact and identifying opportunities to more efficiently use resources, reducing our greenhouse gas emissions and promoting a cultural change towards a more environmentally friendly business.

Commitments:

- Promote a culture of care for the environment.
- Reduce our carbon footprint.

Social Development

We want to encourage social development within our local communities. We aim to be good neighbors, provide job opportunities, improve people's quality of life and create entrepreneurial opportunities, with an emphasis on local suppliers.

Commitments:

- Community development
- Suppliers and contractors development

Customers and Operational Excellence

We ensure that our service and processes attain the highest standards quality and we profitably manage our business. We fulfill our customer's requirements and respond to the dynamism of our markets.

Our People

Our employees drive our strategy. We contribute to the growth and development of each employee, which positively affects their quality of life.

Commitments:

- Comply with the highest occupational safety standards.
- Promote a good working environment.
- Develop our employees.

Reliability and Transparency

We strive for integrity as a fundamental value, through a transparent and reliable relationship with all our stakeholders.

Commitments:

- Promote continual ethical behavior.
- Develop reliable and cooperative relationship with our stakeholders.
- Secure a culture based on our organizational values.

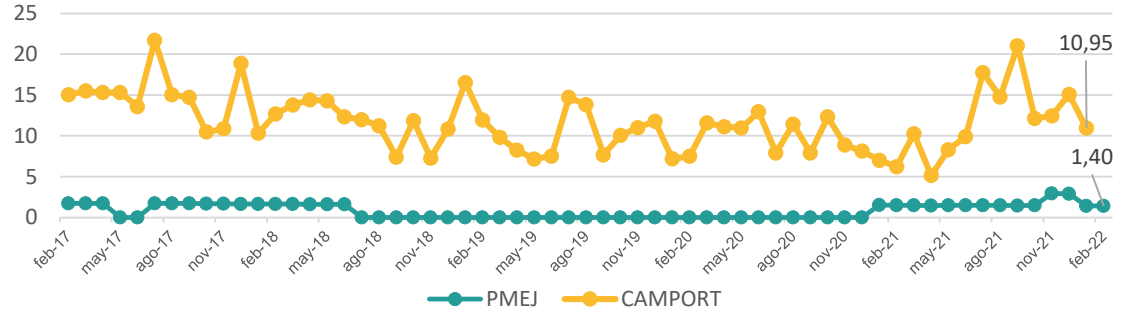

Commitments:

- Deliver excellent services.
- Manage business efficiently and profitably.

Berth Facilities

Berth N° 1

LOA 230 meters
Beam 34 meters
Draft 14,38 meters
Vessels Panamax

- ❖ 1 Shiploader
- ❖ 2 Level Luffing Cranes
- ❖ 1 Pipeline

Types of cargo

- ❖ Ore concentrates
- ❖ Petcoke/coal
- ❖ Clinker
- ❖ Sulphur

Berth N° 2

LOA 230 meters
Beam 34 meters
Draft 14,38 meters
Vessels Panamax

- ❖ 1 Pipeline

Types of cargo

- ❖ Sulphuric acid

Inland Facilities – Sulphuric Acid

- ❖ Storage and dispatch (truck and train)
- ❖ 220,000 tonnes in 11 tanks of 20,000 tonnes each
- ❖ 14 arms (truck and train), 3 arms (truck load station)
- ❖ 24/7 dispatch service.
